Please note that as we are located on a tropical island where the internet signal is broadcasted wirelessly without a stable connection, we ask for your understanding. We have arranged for a large number of Wi-Fi networks and equipped the property with routers from various telecommunications service providers. However, the signal strength and internet coverage are influenced by factors such as weather conditions on the island or on the mainland, as well as external factors beyond our control. Occasionally, there may be situations where the entire island is without internet connection for a day, or there are sporadic issues in specific locations. We apologize for any inconvenience.

GYM

Available to you free of charge from 6:00 a.m. to 10:00 p.m. It is located between rooms 24 and 25.

TRANSPORTATION

If you wish to arrange transportation during your trip, please inform the reception 24 hours in advance about the planned departure time of the boat from a specific location. Please note that purchasing a ticket still requires booking a seat on the boat for the next day - in case of difficulties, please contact the reception. There is also an option to order a private taxi or bus from Sihanoukville to Phnom Penh - reservation required 24 hours before departure - prices and availability at the reception.

BEACH AND POOLS

We provide two pools for your enjoyment from 6:00 a.m. to 10:00 p.m., as well as unlimited beach space where you can take beach towels provided at the reception. We do not make reservations for sunbeds, so you can choose your spot on the pool or beach every day.
